(This mail is sent to both OpenVZ and vserver ML)

Hello folks.

This is a new FS for virtual server.

Basically, This is "vhashify/vzcache" FS.

Just try it, please. I need your feed back.

URL:

<http://www.digitalinfra.co.jp/20080720/hashfs.20080720.html>

Best regards,

--- Okajima, Jun. Tokyo, Japan.

To Mr. Herbert Poetzl :

See this URL:

<http://www.mail-archive.com/vserver@list.linux-vserver.org/msg04247.html>

>> BTW, I also am planning a new file system for Vserver.

>well, let's hear about it then ...

This is it.
