Subject: [PATCH 0/2] CGroups _s64 files: Intro
Posted by Paul Menage on Wed, 05 Mar 2008 10:20:25 GMT
View Forum Message <> Reply to Message

These patches add cgroups read_s64 and write_s64 control file methods
(the signed equivalent of read_u64/write_u64) and use them to
implement the cpu.rt_runtime_us control file in the CFS cgroup
subsystem.
