excuse for misleading:

/etc/vz/conf/CTID.conf - is the configuration file of your container (/etc/vz/conf/101.conf in our case).

Hi maratrus,

I found this file on the VM.

```
[Host]# ls /etc/vz/conf/
```

```
0.conf    ve-vps.basic.conf-sample
```

```
101.conf  ve-light.conf-sample
```

Thanks

B.R.
