hi

1, follow this: [http://wiki.openvz.org/NFS\\_server\\_inside\\_container](http://wiki.openvz.org/NFS_server_inside_container)

2, unfs3

3, # /etc/exports: NFS file systems being exported. See exports(5).

#/home/reed

/home/reed 192.168.0.9(rw,all\_squash)

need anything else ?
