Subject: docs.openvz.org dead?
Posted by mstauber on Sat, 29 May 2021 00:42:06 GMT

Hi all,

What's the matter with docs.openvz.org? Did you pull the plug on it or did the hamster die? It's been unresponsive for 2-3 weeks.

Some of these days access to the documentation would be kinda useful and a lot of Google search entries for OpenVZ related topics point to the unresponsive docs.openvz.org

Regards,

Michael Stauber
