Hi goeldi,

Take a look in your privvmpages settings:

privvmpages 6538 114332 89152 1873575 124567 <- failcnt, show's you that the settings are to low,  
so increase it ... Read more at [http://wiki.openvz.org/Resource\\_shortage](http://wiki.openvz.org/Resource_shortage)
