---

I have try different version of rsh, but all generated same error.

"Cannot assign requested address"

This what i have tried :

1. rsh-0.17-17.i386.rpm
2. rsh-0.17-25.3.i386.rpm
3. rsh-0.17-25.4.i386.rpm

all of the version works correctly when i use the old kernel.

Any other idea ?
