Hi everyone

Im used Cpanel in my VPSs and everytime im loggin into my WHM i received into the /var/log/messages a advice,

Date time hostname filelimits: Increasing file system limits succeeded

What do it mean ?

Have any idea about this advice

Thanks a lot!!!

Hello,

It seems, that Cpanel produces this message.
Unfortunately we don't have sources of Cpanel and don't
know in what situation it outputs the message in question.
Try to ask in Cpanel forum when this situation happens...

HTH,
