I'm student in iut and i have to do a cluster with high Availability for a project.
I just would like to know in which files are they?
i thank all help people can bring me.

(sry for my english, i think u already understand it wasn t my native language)

Good choice to start a project in this branch. Just mention that you need a lot of experience to setup this kind of platforms.

Are you already experienced with Heartbeat?
