Hello Everyone,

I can easily find OpenVZ 5, OpenVZ 6 ChangeLog, kernel update information.

For OpenVZ 7 (or called Virtuozzo Linux 7), is there any ChangeLog for reference?

Thank you very much for your kind attention

Regards
George

Please do not confuse the OpenVZ7 with Vz7.

Take a look at this thread: https://forum.openvz.org/index.php?t=tree&th=13409&s tart=0

Did you carefully read the EULA? Are you sure?

http://repo.virtuozzo.com/vzlinux/7.2/EULA
http://repo.virtuozzo.com/vzlinux/7.3/EULA
http://repo.virtuozzo.com/vzlinux/7.4/EULA

Especilly this part:

"2.6. Audit Rights. During the term of this Agreement and for two (2) years after termination or expiration of this Agreement, Virtuozzo may audit, upon written notice to you, your books, records, and computing devices to determine your compliance with this Agreement and your payment of the applicable license fees, if any, for the Software. In the event that any such audit reveals an underpayment by you of more than five percent (5%) of the license fees due to Virtuozzo in the period being audited, or that you have breached any term of this Agreement, then, in addition to any other rights and remedies Virtuozzo may have, you will promptly pay to Virtuozzo any underpayments plus the cost of the audit."
