hi,
i have problem with openvpn.
i can not connect to openvpn server.
if you can give me help, please help me.

vps101:/etc/openvpn# openvpn --config server.conf

try using the setup guide I posted ages ago on WHT
http://www.webhostingtalk.com/showthread.php?t=595436

I still use the guide from time to time, works great.
