Hello pals,

I've a problem with more than one vps
all account are unlimited quota and I'm not able to modify any account quota
I've made all mentioned here
http://wiki.openvz.org/Cpanel_quotas
and nothing happened

so any ideas ? Thanks for your help

i think you must limit " quotaugidlimit "

vzctl set CTID --quotaugidlimit 3000 --setmod restart --save
then login inside vps and type
/scripts/fixeverything

Thanks for help
but nothing changed

==========
vzctl set 118 --quotaugidlimit 3000 --setmod restart --save
Setting quota ugidlimit: 3000

Unable to apply new quota values: ugid quota not initialized
==========

Can someone please help me? I urgently need to solve that annoying problem !!!

do that

vzctl stop 118
vzctl set 118 --quotaugidlimit 3000 --setmod restart --save
vzctl start 118

Alaa eldin
