Hi all, I'm Donna, Marketing Director of vePortal LTD.

This month is a special one for vePortal, Not only have we released our Version 1.4 (9th Release) We have also begun the stages of our new web design.

Our portal is so far the only one confirmed to work on almost any operating system that OpenVZ will run on.

Not only is the system 100% Stable, It's also 100% Secure, We have already developed the WHMCS Addon Module which is available free of charge, And a HyperVM Import Tool.

In Version 1.5 You can expect to see:
- 100% Clustered vePortal Experiences (Multi-Server Support)
- Inter-Rack High Availability VPS Services.
- VPS Migration
- DNS / ReverseDNS Management

And a hell of alot more! vePortal is currently serving over 350 Licenses, And thats not including the trial keys! so get yourself a bargain and check out the new, Most Advanced VPS Control Panel around!

Not to mention the Insanely Great special offers available via our website.

www.vePortal.com
We look forward to hearing from you!
